Additional Pay Compensation Schedules A & B

Douglas County School District | 2021-2022 SY

Introduction

Dear Douglas County School District Leaders and Employees¹,

The purpose of this guide is to provide a comprehensive document identifying the DCSD Approved Additional Pay Compensation Schedules to identify pay that staff will receive when selected for additional work.

This pay schedule aligns with Douglas County School District's Board of Education end goal of Financial Well Being, and our Strategic Plan Theme 5, Equitable Distribution of Resources and the Strategic Initiative 2b, Review and determine the best practice guidelines that guide additional pay, including but not limited to athletics and activities, committees, instructional purposes, and one-time responsibilities and events.

In this respect, DCSD follows Colorado's Equal Pay for Equal Work Act, effective January 1, 2021, which aims to increase pay equity and transparency for employees performing substantially similar work. In part, this law sets forth rules regarding how employers notify their employees of the availability of vacant positions and additionally prohibits employers from relying on salary history as a basis for inequitable compensation for substantially similar work.² Use this guide for any [Internal position hiring process](#).

We understand this guidance may not capture every site's needs, so we will develop a diverse committee representative of school and department personnel who will review current and new additional pay requests at least annually to determine necessary revisions to these schedules each school year. For considerations of new pays or revisions to existing pays, please email requests to ScheduleABReview@dcsdk12.org.

Sincerely,

DCSD Compensation and Finance Departments

¹ The term employees refer to those who hold positions that are not covered in the Amalgamated Transit Union (ATU) contract. Employees who are part of this Local 1737 ATU Agreement should refer to the contract for guidance.

² It is for this reason that the District prohibits grandfathering in higher additional pay levels for current employees.

Additional Pay Guidance - Resources

Additional Pays in Workday

It is prohibited for anyone to receive additional pay to supplement their annual compensation or hourly rate of pay. All additional pays must be tied to additional work performed at the approved additional pay rates established.

There are two ways Additional Pays are submitted into **Workday**:

1. Period Activity pays

These are school based activity; athletic and extra responsibility pays that are paid out either one time or over a period of time. Examples include Class Coverage, Department Head Pay, as well as Schedule A Athletics, Activity and Gameworker Pays.

2. One-Time pays

These are Department based additional pays and *not for school use* and employees must meet specific requirements in order to receive this pay. Examples include tuition reimbursement, employee referral pays, On-Call pay, etc.

For more information on how to enter Additional Pays you may access the [Period Activity Pays](#) page. Period activity pay inquiries can be sent to payroll@dcsdk12.org or call the Payroll Main Number at (720) 433-0133. Please visit the Payroll Department [Google Site](#) for more detailed information.

District Timekeeping Guidelines for Classified (nonexempt) staff:

- Non-exempt employees are required to track their time in Kronos. If time is recorded by a timesheet, this must be recorded into Kronos by the Kronos Manager.
- For pay to be correct, best practice recommends Kronos Managers reconcile and approve employee's time weekly, by end of day Tuesday.
- Monthly time not corrected in Kronos by the communicated effective date each month, must be submitted via email to payroll@dcsdk12.org and will be processed in the following pay period.
- For more information, see DCSD Timekeeping Guidelines [here](#).

Kronos questions can be emailed to payroll@dcsdk12.org or call the Payroll Main Number at (720) 433-0133. Please visit the [Kronos Google Site](#) for more detailed information.

Employees Volunteering

Generally, federal wage and hour regulations prohibit public employers from permitting their employees to volunteer for work similar to that for which they are employed. To avoid running afoul of federal wage and hour laws, we recommend following the compensation schedules and paying all staff for work performed.

Leave of Absences

Schedule A/B pay for employees who are on a Leave of Absence, must be reviewed and adjusted by the School/Department in order to monitor and apply equitable pay for the work performed before or after a leave (i.e., if an employee has fulfilled the work, we want to make sure the employee is paid, and if work

is partially performed before a leave and taken over by another employee, we want to make sure pay is equally distributed).

Paying Classified Staff Stipends vs Hourly Rate of Pay

DCSD follows Federal and State Department of Labor (DOL) and Fair Labor Standards Act (FLSA) compliance guidelines. Classified (nonexempt) employees are required to clock in/out to ensure all Classified staff are paid for all hours worked in a workweek and paid at the appropriate straight time and/or overtime rates. Paying a flat stipend is prohibited when classified staff are performing the same work as their position's job responsibilities describe. This is because flat stipends do not ensure the appropriate rates of pay are being applied.

Classified staff can be paid a stipend when the work performed is entirely different than the work performed in their classified position(s) and the work is performed outside of any other position's work hours, (i.e., Classified staff can have a coach position and can be paid a stipend similar to how all other coaches are paid. Another example is if a Classified employee applies to be Student Council Sponsor and is paid a stipend for that work performed after school hours similar to another sponsor who is also paid a stipend but happens to also hold another position as a teacher).

Pay Discrepancies

All employee pays and timecards are subject to internal annual audits by the District Finance/Payroll office, external annual audits by an Independent Auditing firm, and the Department of Labor.

In the event a wage or compensation error is discovered, DCSD will reconcile pay for a period of time no greater than 12 months from the date of discovery. DCSD or the employee shall notify the other party of the error immediately and any additional pay adjustment or approved repayment arrangement will be made between both parties as timely as possible.

Overpayments will be revised on the employee's W-2 within the applicable calendar year. Repayments will be extended up to one school year for active employees unless a special agreement for more time is approved by the Director of Payroll and/or Chief Finance Officer.

If employment ends and there is an outstanding overpayment, the remaining balance will be recovered from the employee's final pay. If funds are not available to recover from the employee's final pay, the employee will be notified in writing and repayment of these funds will be due within 30 days of the date of separation, unless a new repayment arrangement is made in writing. Unrecovered overpayments may be sent to a collections agency in order to recover payment in full.

For more information on pay that involves a change in position, please contact staffing@dcsdk12.org.

Schedule A - Camps

SPORTS/ACTIVITIES CAMPS/CLUBS

- Head Coaches and Sponsors may hold off-season activities.
- Dates, times, locations and fees associated with the activity must be approved through the School Activity/Athletic Director by filling out a [Request to Hold Activity](#) form.
- All participants must turn in [Registration Form](#) before participating that releases the participating school and the Douglas County School District from all liability.
- Upon completion of the activity, a [Sports/Activities Reconciliation form](#) needs to be completed, approved by the School Athletic or Activities Director and processed by the school bookkeeper.
- A copy of the completed Sports/Activities Camp Reconciliation form needs to be emailed to Derek Chaney, the DCSD Director of Athletics and Activities.

SALARIES

POLICY/PROCEDURE: DCSD sponsors the activity under the direction of a district employee.

- No special insurance requirements need to be met.
- The coach/sponsor would be covered for liability as well as workers' compensation.
- Salaries generated through proceeds would be paid through the District's payroll process with appropriate taxes being deducted.
- The school site deposits all the money from the activity into Fund 26.
- If coach/sponsor wants to use excess funds from camp to purchase equipment rather than receive compensation, it should be coded to Fund 26 using the District purchasing process.
- If the coach/sponsor wants to use funds in excess of the activity expenses to pay salaries to him/herself – the rate paid is \$45.00 per hour. The salary section of the Camp Reconciliation form should be completed. The reconciliation sheet & instructions may be found in [DCSD Activities & Athletics on the Camps tab](#). You can then download the form to your computer desktop, the sheet will perform the math functions required, including PERA/Medicare calculations.
- The salary plus PERA and Medicare must be covered by the proceeds from the activity.

Activities directed by non-DCSD personnel must follow directions on the [Office of Facility Rentals website](#).

Description of Academic and Department Pays

Building Leadership Team Stipends

Enter payments into Workday through Manage Period Activity Pays, using the period activity “5140 - Extra Responsibility Pay - Building Leadership Teams”.

We want to encourage you to include a variety of staff in your BLT teams. When including Classified staff, they must remain clocked in during their BLT participation and receive their hourly rate of pay and must be paid 1 and ½ times their hourly rate of pay for any hours worked in a workweek over 40 hours.

Department Head Pay

Typically, Department Head Pays are paid throughout the school year starting in October. Please be sure to have the final date of payment on May 31st. This date matches the end of the school calendars and will ensure that this additional payment is fully paid out prior to any separations or changes in positions.

In Workday, enter this pay as Manage Period Activity Pay Assignments

For Department Head Pay, use Category 9000 - Period Activity Allowances it will display all of the Department Head Pay choices based on Schedule A requirements.

Teachers in a Department	Pay Amount per School Year
3 - 6	\$1,680.34

Glossary of Terms

Additional Pays

Additional pays are payments employees may receive when they work additional duties that may not be part of their regular position's rate of pay according to their job description.

Administrative, Professional and Technical (APT or AdminProTech) Employees - APT employees are paid an annual salary, are exempt from minimum wage and overtime wage regulations and hold positions that do not require CDE licensure but may require professional or technical expertise. Examples of these positions at DCSD are Principals, Assistant Principals, Coordinators, Directors, Managers, etc.

Classified (Non-Exempt) Employee - a term referred to employees who work in positions that are paid an hourly rate. We also refer to Classified employees as "nonexempt" which is a term the Fair Labor and Standards Act (FLSA) uses to refer to employees who are entitled to minimum wage and overtime pay. Examples of these positions at DCSD found in both school and departments are Bookkeepers, Clerical positions, Custodians, Educational Assistants, Health Assistants, Preschool Instructors, etc.

Compensation Plan - A term used in Workday to determine the rate of pay, pay schedule, and exempt or nonexempt status for each position. Use this resource for an in depth review of [DCSD Compensation Plans](#).

Exempt - A term the Fair Labor Standards Act (FLSA) uses to refer to employees who are paid at the Department of Labor (DOL) annual salary threshold and perform job duties that are executive, professional, and administrative in nature, and as a result, are exempt from minimum wage and overtime wage rules. Some examples of these positions are Principals, Assistant Principals, Managers, Directors, etc.

Full Time Equivalent (FTE) - A term used to reference the number of hours worked by one employee in a work week on a full time basis listed in Workday as a percentage. FTE in Workday is based on a 40-hour full-time work week, which is equivalent to 100% FTE. To calculate an employee's FTE, divide the employee's scheduled hours in a work week by 40 hours (DCSD's full-time workweek). For example, employees scheduled to work 40 hours per week are 100% FTE or 1.0 FTE. Employees scheduled to work 20 hours per week, are 50% FTE, or .50 FTE. FTE and scheduled weekly hours are listed in Workday in the Job - All Positions page.

Licensed (also known as Certified) Employee - A term that refers to employees who hold a licensed credential from the Colorado Department of Education (CDE), work in a position related to that licensure, and are paid an annual salary. Examples of these positions are Teachers (all levels and grades), Counselors, Deans, PLS, etc.

Overtime hours- A term that refers to the hours worked by Classified nonexempt employees. Colorado Department of Labor statute 4.1 states employees shall be paid time and one-half of the regular rate of

pay for any work in excess of any of the following (A) 40 hours per workweek; (B) 12 hours per workday; or (C) 12 consecutive hours without regard to the start and end time of the workday

Per Diem - A method of calculating an employee's daily rate of pay.

- Classified nonexempt staff calculate per diem by multiplying their hourly rate by the hours worked per day. For example, \$12.00 per hour x 8 hours = \$96.00 per diem rate.
- Licensed/Administrative Professional Technical (APT) Exempt staff calculate per diem by dividing their annual salary by the number of days worked per year. For example, if a teacher's annual salary is \$50,000 and the teacher works 185 days per year, the per diem rate is \$270.27 ($\$50,000 \div 185 = \270.27). If an APT employee's annual salary is \$50,000 and the employee works 260 days per year, the per diem rate is \$192.31.

Pro-rated - A term that refers to an employee's compensation calculated as a proration. We refer to this as annual salary pro-rated by FTE %. For example, if an employee makes \$50,000 annual salary with an FTE of 50%, their pro-rated annual salary is \$25,000 ($\$50,000 \times 50\%$). If an employee makes \$50,000 annual salary with an FTE of 100%, their pro-rated annual salary is \$50,000 ($\$50,000 \times 100\%$).

Straight time hours- A term that refers to the hours worked by Classified nonexempt employees in one work week that is greater than their scheduled hours but does not exceed 40 hours in a workweek. This time is paid at the employee's regular rate of pay.

Workweek - An established start and end time for classified non-exempt employees for the purposes of calculating hours worked to include straight time and overtime hours. DCSD's work week starts at 12:01 a.m. Sunday and ends at 12:00pm midnight on Saturday.
