DOUGLAS COUNTY SCHOOL DISTRICT BUDGET COMMITMENTS FOR 2022-2023

Douglas County School District will continue to drive as much funding as reasonably possible to school budgets and employee compensation while still maintaining critical supports.

The largest budget priority for 2022-2023 was to invest in DCSD employees with the goal to be able to recruit, retain, develop and reward the best employees for students. More information on the new licensed salary schedule framework, non-licensed compensation changes and associated costs are outlined on p. 3.

Staff continually refine the Site-Based Budget (SBB) weighted student funding methodology for neighborhood schools and prioritize the ability for schools to maintain school purchasing power to offset compensation increases.

DCSD transitioned away from zero-based budgeting to priorities based budgeting for 2022-2023. The priorities of the budget are aligned with the themes of the DCSD Strategic Plan. The 2022-2023 Adopted Budget reflects the cost of necessary support and services for schools and students. The details of this extensive process were presented to the Board of Education first on April 26, 2022 and again on May 24, 2022. More information is outlined on p. 4.

The School Finance Act passed in the Colorado legislature prior to the proposal of the upcoming year budget for the first time since prior to the COVID-19 pandemic. The Per Pupil Revenue for DCSD will be \$9,192 which represents a \$585 per student increase from the 2021-2022 Adopted Budget. Funded Pupil Count projections are higher for 2022-2023 than 2021-2022 as well with 186 additional funded pupils including charter school funded pupils. Overall, this increase to Per Pupil Revenue and Funded Pupil Count equates to an overall increase in Total Program for DCSD of \$38.8 million year-over-year. However, district-run school enrollment is declining year-over-year and the amount of new revenue projected to be retained by DCSD and not passed onto charter schools is \$20.3 million.

DCSD commits to a 100% equal per pupil share of mill levy override funds with District charter schools based on charter schools' projected funded pupil count in the 2022-2023 Adopted Budget. Please see the [LINK](#) to the Board of Education resolution from June 5, 2018 for more information.

Information contained within the Adopted Budget includes changes to school and department budgets since April 2022 with the exception of the compensation increase adjustment changes since May 2022. Overall, changes from the budget proposed to the Board of Education on May 24, 2022 to the budget recommended for adoption by the Board of Education on June 21, 2022 are minimal.

COMPENSATION INCREASES FOR 2022-2023

The compensation increases for all staff in 2022-2023 are grounded in the DCSD Strategic Plan. The compensation investments are associated with the strategic themes of Positive and Support Culture as well as Recruitment, Retention and Development of High Quality Employees.

For licensed employees, staff developed (and the Board of Education approved) three salary schedules. They are all structurally the same, but have different starting salaries and labeled “General”, “Hard to Hire” and “Specialist/Extremely Hard to Hire”. Each of the schedules has 9 lanes (BA, BA+15, BA+30, MA, MA+15, MA+30, MA+45, MA+60, PHD/EDS). The maximum number of steps on the schedules is 25 with varying lower amounts per lane. The overall salary range of the three schedules is \$43,680 to \$114,999. Most steps in each lane represent a 2% increase, however there are higher percentage steps for employees in years 5-10. Staff with non-DCSD licensed experience will receive up to 7 years of service credit for placement on the schedule.

Using the new schedules, individual salaries of licensed staff will be adjusted for 2022-2023 as follows based on education and years of experience. Staff whose current salary is below their designated placement (cell) will receive an increase to place them on the schedule. Staff whose current salary is above their cell will receive a one-time 2% stipend. The average salary for licensed staff will increase 8% from 2021-2022 to 2022-2023 and the implementation of this investment is projected to cost \$26.1M in 2022-2023. While licensed employees may receive anywhere from a \$0 ongoing pay increase to almost \$37,000 ongoing pay increase, 58% of General, 48% of Hard to Hire and 39% of Specialist/Extremely Hard to Hire will see an ongoing pay increase between \$1 and \$9,000.

Multi-year cost estimates assume annual schedule increases of 2% and employees receive steps annually as shown in the chart below.

Full Implementation in Year 1	2022-2023	2023-2024	2024-2025	2025-2026	2026-2027
Total Licensed Compensation	\$ 311,356,700	\$ 313,304,741	\$ 323,212,063	\$ 332,509,891	\$ 343,756,701
Cumulative Compensation Increase	\$ 26,096,274	\$ 31,162,703	\$ 39,853,857	\$ 48,788,952	\$ 58,014,294
Percent of Licensed Staff on Schedule	73%	77%	82%	86%	89%
Annual Schedule Increases	N/A	2%	2%	2%	2%

For non-licensed employees (administrators, professional/technical and classified), staff reviewed and revised individual job descriptions and evaluated relevant markets. Positions identified to be below the current market by greater than 5% received range adjustments and employees’ salaries were adjusted within the ranges up to a maximum of 8% increase. Staff established minimum pay increases for all non-licensed staff as either ongoing or one-time depending on placement within the salary range of their position. If the employee is currently below the new minimum, they will be brought to slightly above the minimum. For employees within the new range, administrators will receive a minimum of a 3.5% increase to base pay, professional/technical will receive a minimum of a 3.5% increase to base pay, and classified will receive a minimum of a 4.0% increase to base pay. If employees are above the range, they will receive a one-time 2% stipend. The average salary for non-licensed staff will increase 7% from 2021-2022 to 2022-2023 and the implementation of this investment is projected to cost \$10.0M in 2022-2023.

Licensed and non-licensed compensation will continue to be evaluated for future enhancements based on employee feedback and available resources to include additional recruitment incentives where necessary.

PRIORITY BASED BUDGETING FOR DEPARTMENTS

Total department budgeted expenses funded by the General Fund will increase \$14.7 million for 2022-2023. This includes 40.13 additional FTE (full time equivalents) budgeted within departments in support of schools. The total operational (non-personnel) budget for departments is \$45.7M in 2022-2023. This includes contracted services. Department budgets comprise only 24% of total General Fund expenses including staff, but the operational budget for departments is 8% of total General Fund expenses. Out of this total, 66% of budget requests are for the health, safety and social-emotional supports as self-reported by department directors. The full distribution of non-personnel budget by strategic theme is identified in the pie chart below:

Key: Theme 1—Health, safety and social-emotional supports for students; Theme 2—Post-graduation guidance and preparation; Theme 3—Positive and supportive culture; Theme 4—Aligned curriculum with flexible instructional delivery; Theme 5—Equitable distribution of resources; Theme 6—Recruitment, retention and development of high-quality employees

When building department budget requests, departments built their initial requests to exceed \$17.0M. Through a comprehensive review of requests with the Budget Office, recommendations brought forward to the Superintendent’s Cabinet for review totaled \$15.0M. When deducting offsetting revenue specific to departments and use of 2018 Mill Levy Override reserve specific for Career Tech programming (see p. 5), the net increase to the General Fund is \$11.1M. This means there is \$3.6M of offsetting revenue and reserve use in 2022-2023.

BUDGETED USE OF 2018 MILL LEVY OVERRIDE IN 2022-2023 ADOPTED BUDGET

With the passage of 5A ballot measure in November 2018, Douglas County School District has \$40 million of annual override property tax revenue for the following areas originally communicated to the voters:

- \$17 million toward addressing pay gaps for employees
- \$3.5 million toward allocating school counselors for all elementary schools
- \$2.5 million toward changing the middle and high school counselor-to-student ratio
- \$2 million toward increasing career and trade focused programming
- \$7 million toward school-level funding depending on the needs
- \$8 million toward District charter schools

For 2022-2023, the MLO amount allocated to salaries and benefits will remain the same as it became part of the base salary in the compensation structure. In addition, elementary and secondary school counselor allocations were adjusted based on the average salaries for counselor positions and staffing needs. The SBB Allocations for the equitable distribution of resources will remain flat as discretionary dollars added into the SBB formula moving forward. Career Tech budget will exceed its annual commitment to voters due to the opening of the (former) Wildlife Experience building in 2022-2023 and staffing costs associated with running that facility. Staff planned for the cost of Career Tech to exceed \$2M and strategically built up a reserve for the 2018 Mill Levy Override to cover these implementation costs. Finally, the Charter School pass through was adjusted to reflect the 2022-2023 projected enrollment for charter and neighborhood schools.

2021-2022 BUDGETED REVENUES

FINAL REVISED AS OF JUNE 21, 2022

The actual funded pupil count (FPC) in 2021-2022 is 64,035 of which 1,999 are multi-district online students. When calculating FPC, half day kindergarten students count as 0.58 funded pupils, full day kindergarten students count as 1.00 funded pupils and students in ECE with Special Education needs are counted as 0.50 funded pupils. Typical ECE students are excluded from FPC. DCSD is funded based on FPC and not enrollment which is defined as total students educated. Enrollment in 2021-2022 is 63,876. Total enrollment increased 897 students from 2020-2021. FPC is higher than enrollment due to the multi-year averaging of FPC in 2021-2022.

GENERAL FUND 3-YEAR FORECAST

The Combined General Fund forecast through 2025-2026 includes the following assumptions on revenue and expenditure increases. The 2022-2023 Adopted is used as a starting point for the model. The forecast uses fund balance from 2022-2023 to 2025-2026 and spends one-time savings. The forecast does not include new revenue sources from a potential mill levy override or bond election. The forecast does include the implementation of a new licensed compensation structure in 2022-2023 as well as significant investments in non-licensed compensation increases.

Revenue

- Property Tax uses projected Assessed Value from Hilltop Securities with 2% growth in reassessment years and no growth in non-reassessment years with assessed value in 2023 and 2024 adjusted to account for changes in assessment rates due to SB21-219
- Specific Ownership Tax outside the School Finance Act held flat and Specific Ownership Tax within the School Finance Act increasing by inflation
- State Equalization reflects the increased Total Program formula for the School Finance Act based on increasing the base Per Pupil Revenue by inflation and drawing down the Budget Stabilization (Negative) Factor annually by \$100 million statewide with anticipation of no Budget Stabilization Factor beginning in 2026-2027
- Projected Funded Pupil Count reflects projected distribution of new students between neighborhood and charter schools according to the Planning department as of December 2021 with no new charters opening through 2026
- Per Pupil Revenue increased by 7.0% for 2023-2024, by 3.8% for 2024-2025 and by 2.4% for 2025-2026 to reflect projected Denver-Aurora-Lakewood Consumer Price Index (CPI) as of March 2022
- State Categorical (Special Education, Gifted and Talented, Vocational Education, etc.) all increased by CPI to coincide with Per Pupil Revenue inflation
- Charter School Capital Construction held flat per pupil and increased to reflect projected charter school funded pupil count
- Federal – Medicaid Reimbursement uses DCSD forecast for Medicaid program
- General Fund Interest reflects reinvestment of the TABOR cash at current interest rates
- Charter School Purchased Services increased annually to reflect increased charter school funded pupil count and estimated \$25 per student annual increase for Special Education purchased services (actual increased will be based on actual Special Education expenditures)
- Preschool, School Based and Other revenue uses 2022-2023 budget for all future years except for known minor changes to revenue contracts

GENERAL FUND 3-YEAR FORECAST (cont.)

Expenditures

- Salaries reflect continuation of current rate of substitute, overtime and additional pay plus the following assumptions:
 - ◊ Implementation of new licensed compensation schedules and range changes for non-licensed staff
 - ◊ Annual step increases for licensed staff, but does not include annual schedule increases or base increases such as annual cost of living adjustment (COLA)
 - ◊ Incrementally return grant and bond funded positions to General Fund beginning in 2022-2023
- Benefits reflect increase to employer paid PERA rate of 0.5% auto adjustment in 2022-2023 while some other benefits (medical, dental, short term disability) rates increasing by 5% annually
- Purchased Services increase for Special Education out of district tuition and School Resource Officer annual increases based on historical trends
- No increased costs assumed for supplies, utilities or other expenses
- Charter School Pass Through increased based on projected charter school funded pupil count, projected Per Pupil Revenue and projected Mill Levy Override per pupil share with charter schools as well as expense for Charter School Capital Construction

Interfund Transfers

- Outdoor Education, Nutrition Services and Child Care continue to receive transfer for pay increases from 2018 Mill Levy Override
- Transportation increased in 2023-2024 to reflect budgeted draw down of fund balance in 2022-2023 in order to hold programming flat, increased again in 2024-2025 to reflected continued budgeted draw down of fund balance and align with 3-Year Forecast for Transportation Fund
- Capital Projects reflects transfer to General Fund for Cash in Lieu of Land funded projects within General Fund
- Athletics and Activities increased for contractual increases for services and PERA paid to coaching positions
- COP Lease Payment reflects minimum to cover principal and interest payments assuming no interfund transfer needed to cover banking fees

Reserves

- TABOR Reserve and BOE Reserve set to 3% of budgeted revenue less charter school pass through as charter schools hold their own TABOR Reserve
- BOE Contingency set to one-third of TABOR Reserve amount
- School Carry Over Reserve projected to decrease proportionate to the decrease in neighborhood school projected funded pupil count
- Medicaid Reserve uses DCSD forecast for Medicaid program and fully spent down by end of 2023-2024
- Multi-Year Lease Reserve committed to 7 year lease signed in 2021
- Assignment of 2018 Mill Levy Override based on continuation of commitments made to voters of district spend of Mill Levy Override using savings from Year 1 underspend less the adjustment for increased pass through to charter schools for charter school share of Mill Levy Override

Conclusion

The projected declining neighborhood school enrollment, despite projected increases to the School Finance Act, will contribute to a draw down (use of) General Fund reserves beginning in 2022-2023. As the forecast does not include enhancements to the new licensed compensation structure such as increases to the starting salary or increases to the size (percentage) of step increases for licensed staff, substantial increases or changes to compensation cannot be accomplished without additional revenue or budget reductions to other expenditures.

Effective with the 2019-2020 Adopted Budget, all expenditures for full day kindergarten have been recorded in the General Fund and tuition was not collected. This fund was also included in the Combined General Fund for purposes of financial reporting in the Comprehensive Annual Financial Report.

SCHOOL SUMMARIES

SITE-BASED BUDGET CHANGES AND ADDITIONAL DOLLARS

Site-Based Budget Average Salary Changes

Average salaries have shifted from being by level to average salaries by compensation schedule as part of the licensed compensation overhaul for 2022-2023. This impacts the purchasing power of the different levels in different ways and requires returning to a unique Base Allocation (formerly SBBPA) per level. The cost to keep purchasing power flat (so that schools can afford to staff the same number of employees with all allocations held constant) in neighborhood schools for compensation increases is \$9.8 million.

Small School Factor Redesign

Some schools do not enroll enough students for the Base Allocation and associated weights to cover the costs associated with the educational program and services. The small school factor is intended to offset economies of scale associated with school size and revenue. The average number of core staff at each level of school was used to determine the dollar amount of base resources needed to cover core staff. The total cost of core staff was divided by the Base Allocation for enrollment amount (by level) required to have the base per pupil cover core costs. For schools with enrollment below the minimum enrollment to cover core costs, schools received additional per pupil dollars for every student between the school's enrollment and the minimum enrollment threshold. The cost of the small school factor redesign is an increase to the allocation of \$375,000.

School summaries only include Site-Based Budget (SBB) allocations, while individual school financials include all funding at schools. All descriptions of school summary identified on page 74.

1. Includes school funding in General Fund through SBB (Fund 10) only
2. Does not include school carry over as school carry over is awarded in fall based on prior year's fund balance
3. Does not include any school SBB allocations awarded in fall during October Count SBB updates
4. Does not include any district-wide budgets for expenses in direct support of schools such as custodial services, utilities, department head pay and spending based on revenue generated through donations and fees
5. Discretionary Allocations are funds provided to schools through the SBB to be spent at the discretion of the principal and school community; discretionary funds are eligible to carry over and are typically spent on teachers and support staff, classroom materials and services
6. Non-Discretionary Allocations are funds provided to schools through the SBB for a prescribed purpose associated with federal, state or district requirements such as Special Education or English Language Learners; non-discretionary funds are not eligible to carry over and must be spent in the year in which they were allocated to the school
7. Administrators include principals, assistant principals and athletic directors
8. Certified include all teachers, Special Education teachers, psychologists, social workers, counselors, Professional Learning Specialists and deans
9. Classified include clerical support, instructional and educational assistants, custodians and campus security

UNDERSTANDING SCHOOL FINANCIALS

The following school financials beginning on page 80 are organized alphabetically by Elementary, Middle, High and Alternative schools. Charter schools utilize a different template as their financial information was prepared by the individual charter schools and not the DCSD Budget Office.

The General Fund, Capital Projects Fund, Full Day Kindergarten Fund, Governmental Designated Purpose Grants Fund, Athletics and Activities Fund, and Pupil Activity Fund are included within the financial schedules for all schools.

Audited Actuals reflect actual paid salaries and benefits, while the 2021-2022 Adopted Budget, 2021-2022 Final Revised Budget, 2022-2023 Proposed Budget and 2022-2023 Adopted Budget salaries and benefits are based on district-wide average salaries. Schools are not held to the actual salary amount of their teachers and support staff, but rather to the total number of teachers and support staff. The reasoning for this is to allow schools to hire the best candidate regardless of how much the candidate would earn in the position.

2021-2022 Estimated Actuals reflect 2021-2022 actual expenditures as of May 31, 2022 and are unaudited.

The increase or decrease in total school budgeted expenditures or FTE between 2022-2023 Proposed Budget and 2022-2023 Adopted Budget is primarily due to Special Education staffing changes to reflect updated allocation of staffing for support of students. Additionally, changes to salaries, benefits and FTE may also reflect changes to school discretionary staffing plans for 2022-2023 finalized after April 1, 2022 or the addition of new grant-funded positions.

More information specific to the individual components of the School Financials schedules are identified on the following page.

1. Carry Over Awarded into Subsequent Year means that the carry over identified in 2018-2019 Audited Actuals was calculated based on savings in 2018-2019 and added into the 2019-2020 Revised Budget and so on for subsequent years. Carry over for 2021-2022 will be calculated in September 2022 and Estimated Actual carry over is the projection based on preliminary April 30, 2022 data. Prior year actuals may include expenditures attributable to carry over awarded in prior years, while in the Adopted Budget for 2021-2022 and 2022-2023 carry over had not been awarded yet at that point in time.
2. Enrollment figures are October Count membership for grades K-12 for 2018-2019 Audited Actuals through 2021-2022 Estimated Actuals and projected membership from Planning department for 2022-2023 Proposed and Adopted Budget.
3. FTE includes only the teachers and support staff budgeted in the General Fund and Governmental Designated Purpose Grants for Special Education; it does not include support staff such as Nutrition Services and additional Special Education staff or child care staff physically located at schools but paid by central departmental budgets.
