DOUGLAS COUNTY SCHOOL DISTRICT

BUDGET COMMITMENTS FOR 2023-2024

Douglas County School District (DCSD) will continue to drive as much funding as reasonably possible to school budgets and employee compensation while still maintaining critical supports.

The District is investing over \$51 million or a 7% increase in expenditures in the 2023-2024 Combined General Fund budget. The largest budget priority for 2023-2024 of approximately half the total budget increase was to continue to invest in DCSD employees with the goal to be able to recruit, retain, develop and reward the best employees for students. More information on the enhancements to the new licensed salary schedule framework, non-licensed compensation changes, benefit offerings and associated costs are outlined on p. 4.

Staff continually refines the Site-Based Budget (SBB) weighted student funding methodology for neighborhood schools and prioritizes the ability for schools to maintain school purchasing power to offset compensation increases. Significant investment was made within Student Support Services non-discretionary allocations as outlined on p. 5.

DCSD transitioned away from zero-based budgeting to priorities based budgeting for 2022-2023 and continued to use priorities based budgeting in 2023-2024. The priorities of the budget are aligned with Superintendent Kane's priorities for the District. The 2023-2024 Adopted Budget reflects the cost of necessary support and services for schools and students and more information is outlined on p. 5.

The changes to the 2023-2024 Adopted Budget since it was proposed to the Board of Education on May 23, 2023 center on additional supports for students and staff primarily through increased certified teacher substitute funding for schools, increased cost to bring athletic training services in DCSD in place of contracted services, and implementation of a vape sensor pilot program.

The School Finance Act passed in the Colorado legislature prior to presenting the Proposed Budget on May 8, 2023. The Per Pupil Revenue for DCSD will be \$10,145 which represents a \$954 per student increase from the 2022-2023 Adopted Budget. The increase year-over-year is so high primarily due to the constitutional requirement that the base per pupil increase by inflation which was 8.0% in 2022. Additionally, the School Finance Act repeals the Budget Stabilization Factor in 2024-2025. Despite the increase in Per Pupil Revenue, Funded Pupil Count projections for 2023-2024 are 422 funded pupils lower than the actual Funded Pupil Count for 2022-2023. Overall, this increase to the School Finance Act equates to an increase in Total Program for DCSD of \$51.4 million year-over-year. However, district-run school enrollment is declining year-over-year and the amount of new revenue projected to be retained by DCSD and not passed on to charter schools is \$32.4 million.

DCSD commits to a 100% equal per pupil share of mill levy override funds with District-authorized charter schools (except multi-district online charter schools) based on charter schools' projected funded pupil count in the 2023-2024 Adopted Budget. Please see the [LINK](#) to the Board of Education resolution from June 5, 2018 for more information.

COMPENSATION INCREASES FOR 2023-2024

The largest budget priority for 2023-2024 of approximately half the total budget increase was to continue to invest in DCSD employees with the goal to be able to recruit, retain, develop and reward the best employees for students. The overall investment is over \$25 million in current employee compensation in 2023-2024.

Licensed employees are paid according to three salary schedules. They are all structurally the same, but have different starting salaries and are labeled “General”, “Hard to Hire” and “Specialist/Extremely Hard to Hire”. Each of the schedules has 9 lanes (BA, BA+15, BA+30, MA, MA+15, MA+30, MA+60, MA+60, PHD/EDS). Staff with non-DCSD licensed experience will receive up to 7 years of service credit for placement on the schedule. When the schedules were implemented in 2022-2023, individual salaries of licensed staff were adjusted based on education and years of experience.

In 2023-2024, licensed staff will receive ongoing increase to the base of 3.5% plus the corresponding step increase with the overall average pay increase for licensed staff of 5% for 2023-2024. There will also be the opportunity to apply for horizontal lane advancement to move to a higher paid lane. The Board of Education approved the updated salary schedules in February 2023 in an effort to attract and retain the very best teachers for DCSD students. The full range of licensed pay across the three schedules will be \$45,209 to \$119,024 in 2023-2024. These enhancements to the schedule are estimated to cost \$15 million. If staff are currently above their cell they will still receive an ongoing base increase in 2023-2024.

Multi-year cost estimates assume annual schedule increases of 2% and employees receive steps annually as shown in the chart below. The Adopted Budget for 2023-2024 is the second year within the chart based upon the salary schedule implementation in 2022-2023.

Full Implementation in 2022-2023 (Prior Year)	2022-2023	2023-2024	2024-2025	2025-2026	2026-2027
Total Licensed Compensation	\$ 283,370,689	\$ 299,687,619	\$ 311,804,657	\$ 323,292,405	\$ 334,946,703
Cumulative Compensation Increase	\$ 21,783,529	\$ 38,100,458	\$ 50,217,496	\$ 61,705,244	\$ 73,359,543
Cost of Living Adjustment (COLA)	N/A	3.5%	2%	2%	2%

For non-licensed employees (administrators, professional/technical and classified), staff will receive flat ongoing percentage increases depending upon job classification. Classified staff will receive an ongoing increase to the base of 6%. All other staff will receive an ongoing increase to the base of 5%. All increases will be ongoing to base salary. The base increases for non-licensed employees are estimated to cost \$7 million.

DCSD will absorb all medical benefit premium increases in 2023-2024. This means the cost to employees for the employee portion of medical benefit premiums will remain the same with minimal plan design changes for the upcoming school year. The cost for DCSD to absorb the premium increases is \$3 million.

Licensed and non-licensed compensation will continue to be evaluated for future enhancements based on employee feedback and available resources to include additional recruitment incentives where necessary.

INVESTMENTS IN SCHOOLS AND DEPARTMENTS

Increases to school budgets are primarily investments within Student Support Services non-discretionary allocations. Approximately 42 FTE (full time equivalents) or \$4.3 million was added through a combination of increased hours and increased staff count. This investment was to increase Mental Health support for schools with Affective Needs programs, to increase hours for EA IV paraprofessional positions by 30 minutes/day, to increase Gifted and Talented interventionists at more elementary schools and to increase Campus Security Specialists at middle and high schools. Additionally, the increase in the base per pupil discretionary allocation covers the increases to average salaries and benefits for school-based staff in order for schools to maintain their current purchasing power. This resulted in an overall increase to the base per pupil of 8% for elementary, 5% for middle and 4% for high schools. Within the Combined General Fund, 72% of the budget will be within school-managed accounts excluding the charter school pass through and contingency reserve. The investments in schools through the Site-Based Budget will cost \$9 million in 2023-2024 after the reallocation of 2022-2023 compensation increases from centrally held accounts to individual school budgets.

Total department budgeted expenses funded by the General Fund will increase \$19.2 million for 2023-2024. However, \$3.9 million will be offset by department specific revenue and therefore the net increase will be \$15.2 million. This includes 39.53 additional FTE budgeted within departments in support of schools or facilities. The total operational (non-personnel) budget for departments is \$57.8M in 2023-2024. This includes contracted services when positions remain vacant and contractors are needed to perform functions typically held by staff. Department budgets comprise 28% of total General Fund expenses including staff.

BUDGETED USE OF 2018 MILL LEVY OVERRIDE IN 2023-2024 ADOPTED BUDGET

With the passage of 5A ballot measure in November 2018, Douglas County School District has \$40 million of annual override property tax revenue for the following areas originally communicated to the voters:

- \$17 million toward addressing pay gaps for employees
- \$3.5 million toward allocating school counselors for all elementary schools
- \$2.5 million toward changing the middle and high school counselor-to-student ratio
- \$2 million toward increasing career and trade focused programming
- \$7 million toward school-level funding depending on the needs
- \$8 million toward District charter schools

For 2023-2024, the MLO amount allocated to salaries and benefits will remain the same as it became part of the base salary in the compensation structure. In addition, elementary and secondary school counselor allocations were adjusted based on the average salaries for counselor positions and staffing needs. The SBB Allocations for the equitable distribution of resources will remain flat as discretionary dollars added into the SBB formula moving forward. Career Tech budget will exceed its annual commitment to voters due to the opening of the Legacy Campus (formerly Wildlife Experience) building to staff in 2022-2023 and students in 2023-2024 and the staffing costs associated with running that facility. Staff planned for the cost of Career Tech to exceed \$2M and strategically built up a reserve from the 2018 Mill Levy Override to cover these implementation costs. Finally, the Charter School pass through was adjusted to reflect the 2023-2024 projected enrollment for charter and neighborhood schools.

2022-2023 BUDGETED REVENUES

FINAL REVISED AS OF JUNE 20, 2023

The actual funded pupil count (FPC) in 2022-2023 is 63,158 of which 1,752 are multi-district online students. When calculating FPC, half day kindergarten students count as 0.58 funded pupils, full day kindergarten students count as 1.00 funded pupils and students in ECE with Special Education needs count as 0.50 funded pupils. All other ECE students are excluded from FPC. DCSD is funded based on FPC and not enrollment which is defined as total students educated. Enrollment in 2022-2023 is 62,872. Total enrollment decreased 1,004 students from 2021-2022. FPC is higher than enrollment due to the multi-year averaging of FPC in 2022-2023.

2023-2024 BUDGETED REVENUES

ADOPTED AS OF JUNE 20, 2023

The funded pupil count (FPC) in 2023-2024 is projected to be 62,736, of which 2,200 are multi-district online students. When calculating FPC, half day kindergarten students count as 0.58 funded pupils and full day kindergarten students count as 1.00 funded pupils. Beginning with 2023-2024, early childhood education enrollment is not included within the funded pupil count calculation as the implementation of Universal Preschool (UPK) provides funding through the Department of Early Childhood and not the Department of Education and associated School Finance Act. DCSD is funded based on FPC and not enrollment which is defined as total students educated. Enrollment in 2023-2024 is projected to be 63,895. Total enrollment is projected to increase 1,023 students.

GENERAL FUND 3-YEAR FORECAST

The Combined General Fund forecast through 2026-2027 includes the following assumptions on revenue and expenditure increases. The 2023-2024 Adopted is used as a starting point for the model. The forecast uses fund balance in 2023-2024 and 2024-2025 and spends one-time savings while then generating fund balance in 2025-2026 and 2026-2027. The forecast does not include new revenue sources from a potential mill levy override or bond election. The forecast does include the continuation of the new licensed compensation structure implemented in 2022-2023.

Revenue

- Property Tax uses projected Assessed Value from Hilltop Securities with 2% growth in reassessment years and no growth in non-reassessment years with assessed value in 2023 and 2024 adjusted to account for changes in assessment rates due to SB21-219. This does not consider any impacts of SB23-303 and potential ballot initiatives in November 2023.
- Specific Ownership Tax outside the School Finance Act and Specific Ownership Tax within the School Finance Act increasing by inflation.
- State Equalization reflects the increased Total Program formula for the School Finance Act based on increasing the base Per Pupil Revenue by inflation and drawing down the Budget Stabilization (Negative) Factor annually by \$100 million statewide with anticipation of no Budget Stabilization Factor beginning in 2024-2025 with the repeal built into SB23-287 Public School Finance Act.
- Projected Funded Pupil Count reflects projected distribution of new students between neighborhood and charter schools according to the Planning department as of December 2022 with no new charters opening through 2027.
- Per Pupil Revenue increased by 4.9% for 2024-2025, by 3.5% for 2025-2026 and by 2.7% for 2026-2027 to reflect projected Denver-Aurora-Lakewood Consumer Price Index (CPI).
- State Categorical (Special Education, Gifted and Talented, Vocational Education, etc.) all increased by CPI to coincide with Per Pupil Revenue inflation.
- Charter School Capital Construction held flat per pupil and increased to reflect projected charter school funded pupil count.
- Federal – Medicaid Reimbursement uses DCSD forecast for Medicaid program.
- General Fund Interest reflects reinvestment of the TABOR cash at current interest rates.
- Charter School Purchased Services increased annually to reflect increased charter school funded pupil count and estimated \$25 per student annual increase for Special Education purchased services (actual increase will be based on actual Special Education expenditures).
- Preschool revenue lower than prior years due to the implementation of Universal Preschool (UPK) in 2023-2024 and elimination of tuition for four year old students.
- School Based and Other revenue uses 2023-2024 budget for all future years except for known minor changes to revenue contracts.

GENERAL FUND 3-YEAR FORECAST (cont.)

Expenditures

- Salaries reflect continuation of current rate of substitute, overtime and additional pay plus the following assumptions:
 - ◇ Continuation of new licensed compensation schedules implemented in 2022-2023 and range changes for non-licensed staff adjusted in 2023-2024
 - ◇ Annual step increases for licensed staff and modest, 2% annual schedule increases or base increases such as annual cost of living adjustment (COLA) without assumptions on horizontal lane advancement
 - ◇ Modest, 2% base increases for non-licensed staff without reclassification of positions to higher grades
 - ◇ Incrementally return grant-funded positions to General Fund beginning in 2023-2024
- Benefits reflect increase to employer paid PERA rate of 0.5% auto adjustment in 2024-2025 while other benefit (medical, dental, short term disability, long term disability, life) rates increasing by 5% annually
- Purchased Services increase for Special Education out of district tuition and School Resource Officer annual increases based on historical trends
- No increased costs assumed for supplies, utilities or other expenses
- Charter School Pass Through increased based on projected charter school funded pupil count, projected Per Pupil Revenue and projected Mill Levy Override per pupil share with charter schools as well as expense for Charter School Capital Construction

Interfund Transfers

- Outdoor Education, Nutrition Services and Child Care continue to receive transfer for pay increases from 2018 Mill Levy Override while one-time increases for retention programs in Nutrition Services and Child Care eliminated in 2024-2025
- Transportation increased in 2023-2024 to reflect budgeted draw down of fund balance in 2023-2024 in order to hold programming flat, reduced in 2024-2025 for ongoing increase only and then increased annually for increase in salaries and benefits only
- Capital Projects reflects transfer to General Fund for Cash in Lieu of Land funded projects within General Fund plus transfer to Capital Projects Fund for known security infrastructure projects
- Athletics and Activities held flat as all changes to programming would need to be absorbed within the fund
- COP Lease Payment reflects minimum to cover principal and interest payments assuming no interfund transfer needed to cover banking fees

Reserves

- TABOR Reserve and BOE Reserve set to 3% of budgeted revenue less charter school pass through as charter schools hold their own TABOR Reserve
- BOE Contingency set to one-third of TABOR Reserve amount
- School Carry Over Reserve projected to decrease proportionate to the decrease in neighborhood school projected funded pupil count
- Medicaid Reserve uses DCSD forecast for Medicaid program and fully spent down by end of 2025-2026
- Multi-Year Lease Reserve committed to 7 year lease signed in 2021
- Assignment of 2018 Mill Levy Override based on continuation of commitments made to voters of district spend of Mill Levy Override using savings from Year 1 underspend less the adjustment for increased pass through to charter schools for charter school share of Mill Levy Override

Conclusion

Despite a projected decline in neighborhood school enrollment from 2023 to 2026, the increase in the School Finance Act associated with the anticipated repeal of the Budget Stabilization Factor in 2024-2025 will allow DCSD to have a balanced budget in 2025-2026 after strategically reducing fund balance for two years. However, as all school districts benefit from School Finance Act increases, this will not allow DCSD to become competitive in wages and additional funding sources are necessary to close the gap in compensation with neighboring districts.

PUPIL ACTIVITY FUND 23

2023-2024 ADOPTED BUDGET

This fund was used to record financial transactions related to school-sponsored pupil organizations and activities. These activities are self-supporting and do not receive any direct or indirect District support. In 2020-2021 this fund was changed from Fund 75 and changed from an Agency Fund to a Special Revenue Fund. Effective with the 2023-2024 Adopted Budget, all activity within Fund 23 will move to either the General Fund for elementary schools or the Athletics and Activities Fund for secondary schools as it was determined that this type of school sponsored activity did not necessitate a separate fund once the fund was no longer classified as an Agency Fund.

SCHOOL SUMMARIES

SITE-BASED BUDGET CHANGES AND ADDITIONAL DOLLARS

Investment in Student Support at Schools

Increases to school budgets are primarily investments within Student Support Services non-discretionary allocations. Approximately 42 FTE (full time equivalents) or \$4.3 million through a combination of increased hours and increased staff count was added to increase Mental Health support for schools with Affective Needs programs, to increase hours for EA IV paraprofessional positions by 30 minutes/day, to increase Gifted and Talented interventionists at more elementary schools and to increase Campus Security Specialists at middle and high schools.

Site-Based Budget Base Per Pupil Allocation

The increase in the base per pupil discretionary allocation covers the increases to average salaries and benefits for school-based staff in order for schools to maintain their current purchasing power. This resulted in an overall increase to the base per pupil of 8% for elementary, 5% for middle and 4% for high schools. The investments in schools through the Site-Based Budget will cost \$9 million in 2023-2024 after the reallocation of 2022-2023 compensation increases from centrally held accounts to individual school budgets.

Site-Based Budget Certified Substitutes

Elementary schools have received an increase of two days of substitute coverage per eligible certified employee, from 6 days of coverage to 8 days of coverage. Secondary and alternative schools have received an increase of one day of substitute coverage per eligible certified employee, from 6 days of coverage to 7 days of coverage. Additionally, secondary and alternative schools have received 6 hours of classroom coverage per eligible certified employee. This investment provides schools the necessary resources to cover staffing absences without having to pay for the coverage themselves.

ELEMENTARY SCHOOL SUMMARY

School summaries only include Site-Based Budget (SBB) allocations, while individual school financials include all funding at schools. All descriptions of school summary identified on page 75.

1. Includes school funding in General Fund through SBB (Fund 10) only
2. Does not include school carry over as school carry over is awarded in fall based on prior year's fund balance
3. Does not include any school SBB allocations awarded in fall during October Count SBB updates
4. Does not include any district-wide budgets for expenses in direct support of schools such as custodial services, utilities, department head pay and spending based on revenue generated through donations and fees
5. Discretionary Allocations are funds provided to schools through the SBB to be spent at the discretion of the principal and school community; discretionary funds are eligible to carry over and are typically spent on teachers and support staff, classroom materials and services
6. Non-Discretionary Allocations are funds provided to schools through the SBB for a prescribed purpose associated with federal, state or district requirements such as Special Education or English Language Learners; non-discretionary funds are not eligible to carry over and must be spent in the year in which they were allocated to the school
7. Administrators include principals, assistant principals and athletic directors
8. Certified include all teachers, Special Education teachers, psychologists, social workers, counselors, Professional Learning Specialists and deans

UNDERSTANDING SCHOOL FINANCIALS

The following school financials beginning on page 81 are organized alphabetically by Elementary, Middle, High and Alternative schools. Charter schools utilize a different template as their financial information was prepared by the individual charter schools and not the DCSD Budget Office.

The General Fund, Capital Projects Fund, Governmental Designated Purpose Grants Fund, Athletics and Activities Fund, and Pupil Activity Fund are included within the financial schedules for all schools.

Audited Actuals reflect actual paid salaries and benefits, while the 2022-2023 Adopted Budget, 2022-2023 Final Revised Budget, 2023-2024 Proposed Budget and 2023-2024 Adopted Budget salaries and benefits are based on district-wide average salaries. Schools are not held to the actual salary amount of their teachers and support staff, but rather to the total number of teachers and support staff. The reasoning for this is to allow schools to hire the best candidate regardless of how much the candidate would earn in the position.

2022-2023 Estimated Actuals reflect 2022-2023 actual expenditures as of May 31, 2023 and are unaudited.

The increase or decrease in total school budgeted expenditures or FTE between 2023-2024 Proposed Budget and 2023-2024 Adopted Budget is primarily due to Special Education staffing changes to reflect updated allocation of staffing for support of students as well as an increase to hours for EA IV paraprofessional positions by 30 minutes/day. Additionally, changes to salaries, benefits and FTE may also reflect changes to school discretionary staffing plans for 2023-2024 finalized after May 8, 2023 or the addition of new grant-funded positions.

More information specific to the individual components of the School Financials schedules are identified on the following page.

1. Carry Over Awarded into Subsequent Year means that the carry over identified in 2019-2020 Audited Actuals was calculated based on savings in 2019-2020 and added into the 2020-2021 Revised Budget and so on for subsequent years. Carry over for 2022-2023 will be calculated in September 2023 and Estimated Actual carry over is the projection based on preliminary April 30, 2023 data. Prior year actuals may include expenditures attributable to carry over awarded in prior years, while in the Adopted Budget for 2022-2023 and 2023-2024 carry over had not been awarded yet at that point in time.
2. Enrollment figures are October Count membership for grades K-12 for 2019-2020 Audited Actuals through 2022-2023 Estimated Actuals and projected membership from Planning department for 2023-2024 Proposed and Adopted Budget.
3. FTE includes only the teachers and support staff budgeted in the General Fund and Governmental Designated Purpose Grants for Special Education; it does not include support staff such as Nutrition Services and additional Special Education staff or child care staff physically located at schools but paid by central departmental budgets.

UNDERSTANDING DEPARTMENT FINANCIALS

The following department financials are organized by Superintendent's Cabinet oversight. Prior year audited actuals may include expenditures attributable to carry over awarded in prior years for unique situations

What's included in the Department Financials?

The department financials include expenses within the General Fund, Capital Projects Fund, Pupil Activity Fund, Athletics and Activities Fund and Governmental Designated Purpose Grants Fund. Financial activity associated with department locations in other funds, such as enterprises, are identified within the Fund section. The 2023-2024 Proposed Department Budget Summary presented to the Board of Education on May 23, 2023 along with the department updates presented within the 2023-2024 Adopted Budget on June 20, 2023 only included the General Fund and Athletics and Activities Fund. For more information on the previous presentations, go to: <https://eboard.dcsdk12.org/>

District-Wide Operations

In addition to their department budgets, some departments oversee district-wide operations. These are centrally managed expenses for the benefit of all students and staff across the District. The departments overseeing district-wide operations are Operations and Maintenance, Planning and Construction, Business Services, Human Resources and Information Technology. The budget schedule for district-wide is included at the end of the department financials.
