DOUGLAS COUNTY SCHOOL DISTRICT BUDGET COMMITMENTS FOR 2022-2023

Douglas County School District (DCSD) will continue to drive as much funding as reasonably possible to school budgets and employee compensation while still maintaining critical supports.

The largest budget priority for 2022-2023 was to invest in DCSD employees with the goal to be able to recruit, retain, develop and reward the best employees for students. Staff continually refine the Site-Based Budget (SBB) weighted student funding methodology for neighborhood schools and prioritize the ability for schools to maintain school purchasing power to offset compensation increases.

DCSD transitioned away from zero-based budgeting to priorities based budgeting for 2022-2023. The priorities of the budget are aligned with the themes of the DCSD Strategic Plan. The 2022-2023 Final Revised Budget reflects the cost of necessary support and services for schools and students.

On June 21, 2022, the DCSD Board of Education adopted a budget that used \$7.7 million of fund balance within the General Fund (where budgeted expenditures exceed budgeted revenue). The School Finance Act set the Per Pupil Revenue for DCSD at \$9,192 which represented a \$585 per student increase from the 2021-2022 Adopted Budget. Funded Pupil Count (FPC) projections were higher for 2022-2023 than 2021-2022 as well with 186 additional funded pupils including charter school funded pupils. Overall, this increase to Per Pupil Revenue and Funded Pupil Count equated to an overall increase in Total Program for DCSD of \$38.8 million year-over-year. The Colorado Department of Education has revised the Per Pupil Revenue to reflect actual student enrollment statewide as well as certification of mill levies for property tax collection which affects the local share of the Total Program formula. Based on the revised calculation, DCSD's Per Pupil Revenue decreased only slightly to \$9,191. This amount did not change with the State's Supplemental Budget signed by the Governor in the spring of 2023. Changes to enrollment and the associated Funded Pupil Count are outlined on page 4. As part of the 2022-2023 Final Revised Budget proposed for revision on June 20, 2023, staff recommend that the Board of Education approve a \$16.2 million use of fund balance within the General Fund. With this budgeted use of fund balance, District unassigned reserves will still be budgeted at \$66.4 million which exceeds the Adopted Budget amount of \$57.8 million for unassigned reserves.

The Final Revised Budget was built using the same budget philosophy as was used in both the Adopted Budget and the Revised Budget presented in January 2023. This includes a continued emphasis on minimizing budget to actual variance in financial reporting.

DCSD commits to a 100% equal per pupil share of mill levy override funds with District charter schools, excluding multi-district online charter schools, based on charter schools' actual funded pupil count in the 2022-2023 Final Revised Budget. Please see the [LINK](#) to the Board of Education resolution from June 5, 2018 for more information.

2022-2023 CHANGES TO BUDGET SINCE ADOPTION ON JUNE 21, 2022

The District's financial plan, adopted in June of the year prior to the budget year, may be amended with respect to both revenues and expenditures by the Board of Education prior to January 31st of the current year. After January 31st, supplemental budgets may be amended when money for a specific purpose, other than ad valorem taxes, becomes available to meet a contingency per C.R.S. 22-44-110(5). The Board of Education may revise the total budget for any of the funds due to unforeseen circumstances that did not exist at the time of the original budget adoption, such as emergencies or unanticipated revenues.

School districts in Colorado are funded based on the Student October Count. The Adopted Budget was built with projected enrollment before Student October Count. Year-over-year from October 2021 to October 2022, DCSD FPC decreased 880 funded pupils from 64,035 to 63,158. Year-over-year DCSD enrollment (all students) decreased 1,004 students from 63,876 to 62,872. Of this decrease in students, 324 were in charter schools which means district-run schools actually decreased 680 students year over year. The decrease in FPC is less than the decrease in enrollment and FPC actually exceeds enrollment due to the calculation of FPC using the averaging methodology provided by the School Finance Act. For school districts with declining FPC, funding is based on the highest of either the current year FPC or the average of the last two, three, four or five years. Without the averaging methodology, DCSD's FPC would be 61,440. October 2022 compared to projected enrollment for 2022-2023 resulted in a decrease of 494 funded pupils from 63,652 to 63,158. The major cause of the decrease from projected enrollment was due to decreased enrollment at HOPE Online, a multi-district online charter school within DCSD. The decrease in funded pupil count resulted in a decrease of \$4.6 million from the Adopted to Revised Budget in the Total Program formula.

Additionally, the Pupil Revenue changed slightly from \$9,192 to \$9,191 as funded within the State Supplemental Budget in spring 2023. Overall, the decrease in funding was largely passed on to charter schools based on the school's Student October Count. The decrease to the charter school pass through is \$5.6 million.

In addition to the changes in funding from the School Finance Act, the actual beginning fund balance within the General Fund was higher than projected when the budget was adopted in June 2022. The beginning fund balance increased by \$9.2 million. The most significant revisions to the General Fund budgeted expenditures were outlined in the 2022-2023 Revised Budget presented to the Board of Education in January 2023. Refer to the [LINK](#) to the 2022-2023 Revised Budget, p. 3.

There are only two major reasons for the changes to the General Fund budgeted expenditures since the Revised Budget in January 2023. The first is use of District contingency which predominately occurred in spring 2023. The detailed uses approved by the Superintendent's Cabinet are outlined on p. 6. The second is repurposing salary and benefit budgets for vacant positions to purchased services in order to contract labor when employees are not available for essential support functions.

2022-2023 BUDGET COMBINED GENERAL FUND SCHOOL vs. SCHOOL SUPPORT vs. CENTRAL

The following illustrative example demonstrates that approximately 74% of Combined General Fund expenditures (excluding Charter School Pass Through) are spent directly in schools.

FULL DAY KINDERGARTEN FUND 15

This fund’s revenues came from tuition paid by families to access a full day kindergarten program at many of the District’s elementary schools. Prior to HB19-1262, the School Finance Act only provided funding for half day Kindergarten at 0.58 FTE. Included in this fund were reserves designated for tuition scholarships meeting the needs of the District’s at-risk kindergarten students. Effective with the 2019-2020 Adopted Budget, all expenditures for full day kindergarten have been recorded in the General Fund and tuition was not collected. This fund was also included in the Combined General Fund for purposes of financial reporting in the Annual Comprehensive Financial Report.
